

# Greg's Chat

---

**Treasurer:** Geoff Orrock has resigned as treasurer; a flying minute has been circulated to parish councillors seeking approval for the appointment of Terry McNellee as Treasurer. Terry will be ably assisted in the office by Bev Cleary and Kit Martin. It's said that, "Many hands make for light work" and so we welcome and invite more people to help out with this important work. I give thanks to God that our predicament regarding this very important position has been solved.

Thank you lord! Thank you Terry!

We now seek people to lighten Terry's other voluntary work for the church.

We are looking to find people to:

- Help mow the lawn at Kingscliff
- Clean the toilets
- Clean the kitchen

The more that can help the better.

**Mission and Ministry Project:** The task force will meet on 9th April with Lindsay Walker, Diocesan Trustee, and a person with amazing experience in local government and property development. At this meeting we will be considering the terms of reference for a brief for an architect. I anticipate that when prepared, we will be circulating it to all interested. We will then thoughtfully and prayerfully enter into a process of selecting an architect.

In the mean time **you have homework** is to do!

Please do a SWOT analysis (Strengths, Weaknesses, Opportunities, Threats - Google it) on 5 things:

- Church,
- Hall,
- Clergy Accommodation,
- Church property between Marine Parade and Pearl Streets, Kingscliff
- Anglican Mission in the parish of Kingscliff.

Please get writing and send your thoughts to myself or Ann Moore.

**Spiritual strategy for the parish:** "What three things should we pray for?" ...

"Lord, we pray for the growth of your parish of Kingscliff in faith, service and numbers.

What three specific things should we pray for?"

What should our question be?

Please return your thoughts to me or Ros in the office and we will compile them. I'll then give you some feedback. All this will feed into a refresh of our planning for the future. There are many achievements to celebrate and give thanks for. There are also many more opportunities for the future in God's Mission.

**Wommin Bay Nursing Home:** This coming Monday I'll be making a pastoral to visit parishioners. Would anyone like to join me in the morning? Give me a call or chat.
